Taizhou Luxi Tools Co., Ltd

Company profile

Taizhou Luxi Tool Co., Ltd was established in 2003. As an **OEM manufacturer** for over 15 years, Luxi has developed series of products to meet customers' demand, including air painting spray guns, washing guns, blowing guns, inflating guns, gauge tools, pneumatic tools, air compressors, air tool kits and etc. As well as Luxi Tools gets **ISO9001** certificate for its managing systems, the company also gets **UL, ETL, GS, CE** and other necessary approvals or certificates for it products.

Besides of the above products, Luxi Tools also produce stamped parts, plastic parts and die-cast parts. Presently Luxi Tools owns facilities including 100 precision CNC lathes, 120 CNC drilling machines, 10 CNC machine centers, 8 assembly lines, 8 auto-packaging lines and an automatic compressor tank welding machine, ensuring a daily production capacity of over 10,000 tools and 800 compressors, which are widely selling to most of the countries in the world. As we are buliding a new factory three-time bigger with building area over 80,000M2, we are to substantially enlarge our capacity one year later to meet our fast growing orders.

Owing to our efficient management and hard-working team and experienced workers, with the advanced production facilities, Luxi Tools is devoted in providing customers with quality products and best service and striving for continuous imprvement.

We warmly welcome all customers to our factory from all over the world and we are always ready to offer you the favorable service.
